1. Introduction and Aims

At Redhill Primary Academy and Thomas Telford Primary Free School (hereafter referred to as 'Schools'), we recognise that mobile phones, including smart phones, are an important part of everyday life for our pupils, parents and staff, as well as the wider school community.

Our policy aims to:

- Promote, and set an example for, safe and responsible phone use.
- Set clear guidelines for the use of mobile phones for pupils, staff, parents and volunteers.
- Support the school's other policies, especially those related to child protection and behaviour.

This policy also aims to address some of the challenges posed by mobile phones in school settings:

- Risks to child protection.
- Data protection issues.
- Potential for lesson disruption.
- Risk of theft, loss, or damage.
- Appropriate use of technology in the classroom.

2. Roles and responsibilities

2.1 Staff

All staff (including teachers, support staff, and supply staff) are responsible for enforcing this policy.

Volunteers, or anyone else otherwise engaged by the Schools, must alert a member of staff if they witness, or are aware of, a breach of this policy.

The headteacher is responsible for monitoring the policy every 2 years, reviewing it, and holding staff and pupils accountable for its implementation.

3. Use of mobile phones by staff and governors

3.1 Personal mobile phones

Staff (including volunteers, contractors and anyone else otherwise engaged by the Academy) are not permitted to make or receive calls, or send texts, while children are present/during contact time. Use of personal mobile phones must be restricted to non-contact time, and to areas of the Academy where pupils are not present and where it does not disturb others.

There may be circumstances in which it is appropriate for a member of staff to have use of their phone during contact time. For instance, waiting for a call back from a medical professional.

The headteacher will decide on a case-by-basis whether to allow for special arrangements. If special arrangements are not deemed necessary, school staff can use the school office number as a point of emergency contact.

3.2 Data protection

Staff must not use their personal mobile phones to process personal data, or any other confidential Academy/School information. More detailed guidance can be found in the Schools' data protection and ICT acceptable use policy.

3.3 Safeguarding

Staff must refrain from giving their personal contact details to parents or pupils, including connecting through social media and messaging apps. Staff must avoid publicising their contact details on any social media platform or website, to avoid unwanted contact by parents or pupils as detailed in the Schools' social media policy, ICT acceptable use, and E-Safety policy.

Staff must not use their mobile phones to take photographs or recordings of pupils, their work, or anything else which could identify a pupil. If it's necessary to take photos or recordings as part of a lesson/trip/activity, this must be done using the Schools resources eg: iPad. In exceptional circumstances, teachers may capture photos of children at offsite activities, but these photos must be sent to the Academy/School straight away for use on twitter or for other communication forms; this can only take place if another member of staff is there to witness the correct deletion of photographs from the handset after they have been sent. (I have tweaked the wording here so it flows better – hope that is ok). If staff are concerned that the deletion procedure is not being followed, it should be reported to the Headteacher.

3.4 Using personal mobiles for work purposes

In some circumstances, it may be appropriate for staff to use personal mobile phones for work. Such circumstances may include, but aren't limited to:

- emergency evacuations
- supervising off-site trips
- supervising residential visits.

Staff may use personal mobile phones when supervising residential visits or school trips, in case of emergencies. Only phone calls are allowed to be made to the Academy/School or emergency services.

In these circumstances, staff will:

- Use their mobile phones in an appropriate and professional manner, in line with our staff code of conduct.
- Not use their phones to take photographs or recordings of pupils, their work, or anything else which could identify a pupil.
- Refrain from using their phones to contact parents. If necessary, contact must be made via the school office.

3.5 Work phones

Some members of staff are provided with a mobile phone by the Schools for work purposes. Only authorised staff are permitted to use Academy/School phones, and access to the phone must not be provided to anyone without authorisation.

Staff must:

- Ensure that communication or conduct linked to the device is appropriate and professional at all times, in line with our staff code of conduct.

3.6 Sanctions

Staff that fail to adhere to this policy may face disciplinary action.

See the Schools' staff disciplinary policy for more information.

4. Use of mobile phones by pupils

Pupils may bring a mobile to the Academy/School:

- If travelling to and from the Schools by themselves.
- Are young carers who need to be contactable.
- Attending a different family home after school than before the school day began.

Pupils must hand in their mobile phone to the class teacher who will ensure it is stored securely in the Academy/School office until home time.

4.1 Sanctions

If a pupil is in breach of this policy:

- The phone will be confiscated. (Schools are permitted to confiscate phones from pupils under sections 91 and 94 of the Education and Inspections Act 2006.)
- If they are confiscated, the Headteacher will collect the phone and inform the parent that it needs to be collected from the Academy at home time.
- The Academy's behaviour policy sanctions will be applied.

Staff have the power to search pupils' phones, as set out in the DfE's guidance on searching, screening and confiscation. The DfE guidance allows school to search a pupil's phone if you have reason to believe the phone contains pornographic images, or if it is being/has been used to commit an offence or cause personal injury. If inappropriate content is found on the phone which is a serious cause for concern in regard to the pupil's conduct, bullying, peer-on-peer abuse, it can be classified as criminal conduct. The Academy takes such conduct extremely seriously and will involve the police or other agencies as appropriate.

Such conduct includes, but is not limited to:

- sexting
- threats of violence or assault
- abusive calls, emails, social media posts or texts directed at someone on the basis of someone's ethnicity, religious beliefs or sexual orientation.

5. Use of mobile phones by parents, volunteers and visitors

Parents, visitors and volunteers (including governors and contractors) must adhere to this policy if they are present on one of the Schools' sites during the day.

This means:

- Not taking pictures or recordings of pupils, unless it's a public event (such as a school fair), or of their own child.
- Using any photographs or recordings for personal use only, and not posting on social media without consent.
- Not using phones in lessons, or when working with pupils.

Parents, visitors and volunteers will be informed of the rules for mobile phone use when they sign in at reception or attend a public event at one of the Schools.

A summary of these rules, are provided when parents, visitors and volunteers sign in.

Parents or volunteers supervising the Schools' trips or residential visits must not:

- Use their phone to make contact with other parents.
- Take photos or recordings of pupils, their work, or anything else which could identify a pupil.

Parents or volunteers supervising trips are also responsible for enforcing the Schools' policy for pupils using their phones, as set out in section 4 above. Parents must use the Academy/School office as the first point of

contact if they need to get in touch with their child during the school day. They must not try to contact their child on his/her personal mobile during the school day.

6. Loss, theft or damage

Pupils bringing phones into the Schools must ensure that phones are stored securely at the Academy/School's office. Pupils must secure their phones as much as possible, including using passwords or pin codes to protect access to the phone's functions. Staff must also secure their personal phones, as well as any work phone provided to them. Failure by staff to do so could result in data breaches.

The Schools accept no responsibility for mobile phones that are lost, damaged or stolen on the Schools' premises or transport, during school visits or trips, or while pupils are travelling to and from either of the Schools. A copy of the Schools' policy and disclaimer is made available to new parents and pupils.

If either of the Schools confiscate a phone from a pupil, they will be stored in the Headteacher's office in a secure location.

Lost phones should be returned to the office. The Academy/School will then attempt to contact the owner.

7. Monitoring and review

The Schools are committed to ensuring that this policy has a positive impact on pupils' education, behaviour and welfare. When reviewing the policy, the Schools will take into account:

- Feedback from parents and pupils.
- Feedback from teachers.
- Records of behaviour and safeguarding incidents.
- Relevant advice from the Department for Education, the local authority or other relevant organisations.
