	Year I Objectives
Nur	nber: Place Value
•	count to and across 100, forwards and backwards, beginning with 0 or 1, or from any given number
•	count, read and write numbers to 100 in numerals, count in multiples of twos, fives and tens
•	given a number, identify one more and one less
•	identify and represent numbers using objects and pictorial representations including the number line, and use the language of: equal to, more than, less than (fewer), most, least
•	read and write numbers from I to 20 in numerals and words.
Nur	nber: Addition and Subtraction
•	read, write and interpret mathematical statements involving addition (+), subtraction () and equals (=) signs
•	represent and use number bonds and related subtraction facts within 20
•	add and subtract one-digit and two-digit numbers to 20, including zero
•	solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as 7 = – 9.
Mea	surement: Capacity and Mass
•	Compare, describe and solve practical problems for:
	\Rightarrow mass/weight [for example, heavy/light, heavier than, lighter than]
	\Rightarrow capacity and volume [for example, full/empty, more than, less than, half, half full, quarter]
•	Measure and begin to record the following:
1	\Rightarrow mass/weight
I	\Rightarrow capacity and volume
Nur	nber: Multiplication and Division
•	solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.
Mea	surement: Money
•	recognise and know the value of different denominations of coins and notes
Geor	metry: Properties of shape
•	recognise and name common 2-D and 3-D shapes, including:
1	\Rightarrow 2-D shapes [for example, rectangles (including squares), circles and triangles]
1	\Rightarrow 3-D shapes [for example, cuboids (including cubes), pyramids and spheres].
Measurement: Time	
•	Compare, describe and solve practical problems for:
1	⇒ time [for example, quicker, slower, earlier, later]
•	Measure and begin to record the following:
1	\Rightarrow time (hours, minutes, seconds)
•	sequence events in chronological order using language [for example, before and after, next, first, today, yesterday, tomorrow, morning, afternoon and evening]
•	recognise and use language relating to dates, including days of the week, weeks, months and years
•	tell the time to the hour and half past the hour and draw the hands on a clock face to show these times.
Nur	nber: Fractions
•	recognise, find and name a half as one of two equal parts of an object, shape or quantity
•	recognise, find and name a quarter as one of four equal parts of an object, shape or quantity.
Geor	metry: Position and Direction
•	describe position, direction and movement, including whole, half, quarter and three-quarter turns.
Mea	surement: Length and Height
•	compare, describe and solve practical problems for:
	⇒ lengths and heights [for example, long/short, longer/shorter, tall/short, double/half]
۱.	measure and begin to record the following:
1	nteasure and begins to record the joliowing.

 \Rightarrow lengths and heights
