Chair of Governors
September 2026**

1. Introduction and Aims

At Redhill Primary Academy and Thomas Telford Primary Free School (hereafter referred to as 'Schools'), we recognise that mobile phones, including smart phones, are an important part of everyday life for our pupils, parents and staff, as well as the wider school community. From January 2026, the Department for Education expects all schools to be mobile-phone-free environments by default throughout the entire school day, including lessons, transitions, breaktimes, and lunchtimes. Our policy below sets out how we adhere to this guidance.

Our policy aims to:

- Promote, and set an example for, safe and responsible phone use.
- Set clear guidelines for the use of mobile phones for pupils, staff, parents and volunteers.
- Support the school's other policies, especially those related to child protection and behaviour.
- Reduce risks linked to online harm, bullying, inappropriate content and mental health concerns.

This policy also aims to address some of the challenges posed by mobile phones in school settings:

- Risks to child protection.
- Data protection issues.
- Potential for lesson disruption.
- Risk of theft, loss, or damage.
- Appropriate and safe use of technology in the classroom.

2. Roles and responsibilities

2.1 Staff

All staff (including teachers, support staff, and supply staff) are responsible for consistently enforcing this policy.

Volunteers, or anyone else otherwise engaged by the Schools, must alert a member of staff if they witness, or are aware of, a breach of this policy.

The headteacher is responsible for monitoring the policy every 2 years, reviewing it, and holding staff and pupils accountable for its implementation.

3. Use of mobile phones by staff and governors

3.1 Personal mobile phones (including Smart Watches)

To align with the DfE expectation of a phone-free environment, Personal mobile phones must remain switched off or on silent and stored securely throughout the school day.

Personal mobile phones must not be used whilst teaching, supervising pupils, during breaktimes, lunchtime duties, or during non-contact time whilst on the school site.

Staff may only access personal mobile phones where:

- the device is required for multi-factor authentication or other approved authentication purposes;
- there are exceptional circumstances agreed in advance by the Headteacher;

- there is a medical or emergency situation where specific arrangements have been agreed.

Staff expecting an urgent call should arrange for family members or other contacts to contact them via the school office. Personal mobile phones must not be carried or used simply because a member of staff may be expecting a call.

3.2 Data protection

Staff must not use their personal mobile phones to process personal data, or any other confidential Academy/School information. More detailed guidance can be found in the Schools' Data Protection and ICT Acceptable Use Policy.

All photos or recordings must be taken using school devices only, and never on personal phones.

3.3 Safeguarding

Staff must refrain from giving their personal contact details to parents or pupils, including connecting through social media and messaging apps. Staff must avoid publicising their contact details on any social media platform or website, to avoid unwanted contact by parents or pupils as detailed in the Schools' Social Media Policy, ICT Acceptable Use, and E-Safety Policy.

Staff must not use their mobile phones to take photographs or recordings of pupils, their work, or anything else which could identify a pupil. If it's necessary to take photos or recordings as part of a lesson/trip/activity, this must be done using the schools' resources eg: iPad.

3.4 Using personal mobiles for work purposes

In some circumstances, it may be appropriate for staff to use personal mobile phones for work. Such circumstances may include, but aren't limited to:

- Use for approved multi-factor authentication (MFA)
- emergency evacuations
- supervising off-site trips
- supervising residential visits.

Staff may use personal mobile phones when supervising residential visits or school trips, in case of emergencies. Only phone calls are allowed to be made to the Academy/School or emergency services.

In these circumstances, staff will:

- Use their mobile phones in an appropriate and professional manner, in line with our staff code of conduct.
- Not use their phones to take photographs or recordings of pupils, their work, or anything else which could identify a pupil.
- Refrain from using their phones to contact parents. If necessary, contact must be made via the school office.

Academy-issued devices must be used for communication, photography and record keeping on educational visits wherever possible. Staff will be issued with an iPad for educational visits and trips.

3.5 Work phones

Some members of staff are provided with a mobile phone by the schools for work purposes. Only authorised staff are permitted to use Academy/School phones, and access to the phone must not be provided to anyone without authorisation.

Staff must:

- Ensure that communication or conduct linked to the device is appropriate and professional at all times, in line with our staff code of conduct.

3.6 Sanctions

Staff that fail to adhere to this policy may face disciplinary action.

See the Schools' Staff Disciplinary Policy for more information.

4. Use of mobile phones by pupils

4.1 DfE expectation

The 2026 DfE guidance states:

"All schools should be mobile-phone-free environments by default; anything other than this should be by exception only."

Exceptions may be made for:

- If pupils are travelling to and from the schools by themselves.
- Pupils are young carers who need to be contactable.
- Pupils are attending a different family home after school than before the school day began.
- Medical needs or disability adjustments (Equality Act 2010 considerations).

Where exceptions apply, phones must be switched off on arrival, handed to staff, and stored securely in the office until the end of the day.

Phones must not be carried by pupils during the school day under any circumstances unless explicitly required for a SEND/medical exception.

4.2 Sanctions

If a pupil is in breach of this policy:

- The phone will be confiscated. (Schools are permitted to confiscate phones from pupils under sections 91 and 94 of the Education and Inspections Act 2006.)
- If they are confiscated, the Headteacher will collect the phone and inform the parent that it needs to be collected from the schools at home time.
- The schools behaviour policy sanctions will be applied.

Staff have the power to search pupils' phones, as set out in the DfE's guidance on searching, screening and confiscation. The DfE guidance allows school to search a pupil's phone if you have reason to believe the phone contains pornographic images, or if it is being/has been used to commit an offence or cause personal injury. If inappropriate content is found on the phone which is a serious cause for concern in regard to the pupil's conduct, bullying, peer-on-peer abuse, it can be classified as criminal conduct. The Academy takes such conduct extremely seriously and will involve the police or other agencies as appropriate.

Such conduct includes, but is not limited to:

- sexting
- threats of violence or assault
- abusive calls, emails, social media posts or texts directed at someone on the basis of someone's ethnicity, religious beliefs or sexual orientation.

5. Use of mobile phones by parents, volunteers and visitors

To maintain a mobile phone free environment, all visitors will be required to hand their mobile phone to the school office on arrival.

Phones will be stored securely and returned on departure.

Exceptions will only be made where agreed in advance by the Headteacher or where a visitor requires their phone for a medical reason.

6. Loss, theft or damage

Pupils bringing phones into the schools must ensure that phones are stored securely at the Academy/School's office. Pupils must secure their phones as much as possible, including using passwords or pin codes to protect access to the phone's functions. Staff must also secure their personal phones, as well as any work phone provided to them. Failure by staff to do so could result in data breaches.

The schools accept no responsibility for mobile phones that are lost, damaged or stolen on the schools' premises or transport, during school visits or trips, or while pupils are travelling to and from either of the schools. A copy of the schools' policy and disclaimer is made available to new parents and pupils.

If either of the schools confiscate a phone from a pupil, they will be stored in the Headteacher's office in a secure location.

Lost phones should be returned to the office. The Academy/School will then attempt to contact the owner.

7. Monitoring and review

The schools are committed to ensuring that this policy has a positive impact on pupils' education, behaviour and welfare. When reviewing the policy, the schools will take into account:

- Feedback from parents and pupils.
- Feedback from teachers.
- Records of behaviour and safeguarding incidents.
- Relevant advice from the Department for Education, the local authority or other relevant organisations.
