Pupil Voice/Sports Teams Photos

The school photographer will be visiting us on Wednesday 21st February to take photos of our Pupil Voice and the Sports Teams.

If your child has PE on this day, and is part of a Pupil Voice Group, please can they attend school in their full school uniform and bring their PE kit to school in a bag.

If your child has been part of a sports team this year, they will be given a kit to wear on the day.

Thank you

World Book Day

This year's World Book Day will take place on **Thursday 7th March**.

We are very lucky to be joined by a local author, Pete White, who is a mental health author publishing books for adults and children to help them understand and speak more openly about mental health. He will have some of his books available to purchase on the day, at a discounted price, and the opportunity to have it signed by the author himself (details to follow).

We have also decided to take part in a Book Swap Day, as it is a great way to share your love of reading and discover exciting new books, as well as give children the opportunity to choose a book for themselves that excite them and start to build a lifelong love of reading. Children can bring in a book that they no longer want and swap it on the day (books in good condition only please).

As usual, we are all looking forward to seeing your child dressed up in costume as one of their favourite book characters. Teachers cannot wait to get involved too!

The World Book Day website has lots of ideas on how to do this with as much or as little effort as you would like. There are some excellent ideas to get you started: [Dressing Up - World Book Day](#)
Your child will receive a £1 book token to spend on a FREE book, or to save £1 on another full price book of their choice.

Full details are available at www.worldbookday.com where you can see the fabulous books that are on offer this year.

World Book Day is a super event to celebrate reading, but reading to and with your child is important every single day to ensure your child can learn to their fullest potential.

Happy reading.

The kitchen have produced an exciting World Book Day menu which will be served on 7th March.

Please find details attached.

Reception and Nursery invitation to 'Story time '

Enjoy story time with your child as they listen and join in with the class teacher.

Instilling a love of reading early gives a child a head start on expanding their vocabulary and building independence and self-confidence. It helps children learn to make sense not only of the world around them but also people, building social-emotional skills and of course, imagination. Here at Redhill we understand the importance of hearing children read as well as reading to the children. We would like to invite you to come and join in with our story time on Friday 8th March at 2.45pm.

We look forward to seeing you.

Boot Swap

Redhill Primary Academy are looking to offer children a football boot swap shop within school. We would like to ask if there any children with spare or old football boots they no longer require and are happy to donate to school. We plan to set up a swap shop in the future where children can bring old boots they have outgrown and swap for a bigger size. Any donations to begin with would be appreciated and accepted via the school office; please can we ask they come in a plastic bag as clean as possible. We hope in time this will be able to help families and give all children in school the opportunity to play football regularly.

Wearing the Correct Footwear in PE

It is important to wear the correct footwear when taking part in any type of physical activity. Incorrect footwear can lead to injuries such as heel pain, shin splints, shin pain, back pain, sore calf muscles and ankle sprains and breaks. By wearing the correct footwear, injuries are less likely.

Tips for buying athletic shoes for PE

We would advise that you start by buying yourself a good pair of general-purpose running shoes. These do not need to be expensive as long as they provide good cushioning and support.

Fashion footwear such as Vans, Toms or high tops are not suitable.

Thank you.

This week, children from KS1 and KS2 have taken part in online safety workshops led by the talented professionals at One Day Creative.

In Year 5 and Year 6, children completed a session entitled, Mirror Mirror, which focused on beauty and body image. Children discovered how images in the media (including online) do not always reflect reality and discussed ways to encourage positive body image.

The facilitator started the session by showing some images of significant people from the past and present, sharing that some were very keen on their self-image and others not so much. The children were then asked to discuss if they feel pressure to use filters on your photos and asked if we are consistently changing things online, is that showing our true selves? As a group, the children were able to determine that we shouldn't ever be made to feel that we need to modify or filter our photos. And if they were concerned about their body image or lacking in confidence, that it is important to talk to a trusted adult. The next activity involved the children considering a range of scenarios and creating two sets of freeze frames, which represented a filtered version and an unfiltered version. The children were incredibly creative and thought carefully about the reality of these situations.

To finish the session, the facilitator read out a scenario, whilst the children were asked to act it out.

Lucy is trying to take the perfect selfie to post online. Freya thinks she always looks great and has loads of likes. Joey posts 3/10 with a winking face. Lots of people like his comment and add their own jokes. Joey isn't sure if comments are a joke or not. Lucy takes the post down.

The children were then asked to consider the following questions:

What emotions is Lucy feeling at this time? She may be confused as to why she is getting all this negative feedback about the photo and upset that people are commenting on her post.

How does Freya and Joey feel? Freya would feel a mix of emotions as she wants more likes than Lucy but she will be feeling more pressure to post images which are perfect as a result of Lucy's experience. Joey may be feeling guilty as he made the original joke, and doesn't want to upset Lucy.

Some children then summarised the key messages from today's workshop, which was for us all to remember that whatever you see online isn't always real and to try not to compare yourself to others online.

5.2.23 This week we have talking about being safe when online. In Nursery we listened to stories about how to be safe and talked about who we would tell if we were worried about something we saw or didn't like.

Reception
E Safety Week

This week is E-Safety Week. We have been talking about how to stay safe when online and what we should do if we are unsure about something we see. We listened to the story of 'Smartie the Penguin'. In the story, Smartie has pop-ups appear on his new tablet. He has to decide if he should fix it himself or tell a trusted grown up. We helped Smartie make the right choice.

Online Safety Week Year One & Two

In school, we have been learning about how to stay safe on the internet. In Year 1, we have done lots of different activities to show our understanding of this. In our lessons, we looked at

- What information we can share online
- How to stay safe online
- What you should do if something makes you feel unsafe online
- We learnt that not everyone can be trusted online

We shared this story and discussed the mistakes Mo and Jaz made whilst playing online. We talked about how to avoid these mistakes and what to do if we made a mistake ourselves.

We talked about the importance of speaking to a
