

Catering across the globe is facing a number of substantial challenges. The supply chain, the energy crisis, inflation, the on-going Covid-19 impact and labour are playing havoc with day to day operations, availability and pricing.

We have always been, and remain, committed to delivering a wide range of delicious dishes to encourage balanced meal choices that are full of flavour. Our teams, both in school and in the office, continue to work extremely hard to keep any disruption to a minimum.

We are at the point however, with spiralling prices and increasing demand for food supplies and staff, where we need to make some changes to our meal pricing.

To meet the rising costs of providing a school meal, our price at Redhill will be increasing from £2.30 to £2.35 from April 25th. This has no impact on those children entitled to a Free School Meal.

Our meals provide all the Government nutritional requirements and continue to be good value for money. We provide a freshly prepared two course daily menu with a choice of a hot meal, topped jacket potato or filled sandwich with vegetables, salad and a range of puddings and fruit.

If you have any questions or concerns about this or anything related to the catering service please contact us at info@miquillcatering.co.uk
